

MRS. KING'S CLASS

Fifth Grade
May 3, 2011

MAY

I can't believe we are in the final days of the school year. What a wonderful year it has been. May is a great time to be in 5th grade! We have so many things happening. To make it easier to keep track of, I have made a calendar on the other side of this letter. In addition to all those fun extras, we are still doing work in the classroom. The students are learning how the colonists won American independence and

formed the government we have today. Math is finishing up our measurement chapter and will be doing a variety of things to finish up the year, including volume and algebra. After attending the Nutrition and Lifestyle Fair, the students are working on preparing their own version to be held on May 25 at 2:15 at the Grant gym, all are welcome. Of course, we have all of the end-of-the-year testing to complete DIBELS, STAR reading and

STAR math. It's always great to see how much growth the students make in one school year.

May 3 the kids got a chance to tour Central. It was a great time for the kids to see how the school works and ask questions. I hope CMS is ready for all this class has to offer!

This year we will be having a reception for families honoring the 5th graders. It will begin at 1:00 on June 6 in the library. We hope to see you there.

HAVE A GREAT SUMMER!

I want to express my gratitude to all of the students and families. I have enjoyed getting to know all of you. What a great

group of kids! You all have so much to be proud of. I wish you only the best at middle school, show them what you're

made of. Have a wonderful summer and keep in touch!
